

## **KITIGAY VISION**

***Kitigay*** (Ojibwe: “to plant”) is a Boreal Food Forest Paradise, *reconciling our relationship with the land.*

## **MISSION**

**Providing space and inspiration for people to learn and share wildlife and food growing skills;**

**Develop an indigenous food forest;**

**Offer artistic and healing workshops;**

**Plant ideas, food, forests, reconciling relationships, art, documenting Indigenous knowledge and traditions;**

**Host education and spiritual healing retreats;**

**Created with the surrounding  
Indigenous communities;**

**Preserve, protect and restore  
biodiversity;**

**Land Knowledge;**

**Learning from the Land;**

**Invite people to come here;**

**We have an adjunct relationship with the  
University of Manitoba**

**We are part of the global Eco  
Restoration Community network**
